Dear Ella

I received your letter last night  
and it good to hear from. How the  
weather up there in Michigan now day's.  
Today I was working in ice and snow  
up in the mountains. It wasn't very  
much. Tonight gave us all of our  
winter ~~thing~~ <sup>thing</sup>.

So school is getting ruff.  
It isn't that bad now is it?  
Just think when you get out of  
school how ruff thing can be.

From what I heard about  
my home town football team  
they not going to do any good.  
They lost the first game. I

II

don't know what the score was.

I like my home town  
but there's not anything there. Coal  
mine and steel mill. One thing  
I will not do is go in a coal mine.

How do you like work at  
the Greenhouse now day's. Myself I  
don't think I would like that kind  
of work.

I'll be looking for that package you  
say your going to send. I think after  
3 years of home ex, you can do something  
but if you want me to keep it a  
secret about your cooking, I will. Just  
between you and myself.

This camp I'm in now is bad.  
They only have show about 2 or 3 times a  
week. I haven't been to a show

III

for about 2 1/2 to 3 week. and as long as I'm at this camp I won't go either. This isn't a very good place but I like it better than Ft Leonard Wood.

I won't let any of the girl around here put anything over on me. I'll tell them they have to fight you. o/k?

Don't let the old "Bag", in school give you a ruff time. When you finish school you can tell her off. Won't you be glad? As for the "D" in English. It isn't to be had just think it could be a "T".

I still think Cleveland will take the pennant this year. It about time somebody beside New York is taking it.

*11*

Well honey it's just about  
time for the light to go out. As  
much as I hate to be going to bed  
to close. I will write when I get  
some more time.

We are supposed to get a 3 day  
pass this week I will have some time  
to write then and I will. I also  
want to go to town I'll write you  
before I go. Well honey be good  
and take care of yourself. About  
your part in the school play I  
think you get a part in it. Let  
me know if you do.

Love

Dear Ila,

I *recived* you letter least night and it good to hear from. How the weather up there in Michigan now *day's*. Today I was working in ice cold snow up in the mountains. It wasn't very much. Tonight gave us all of our winter ~~cloth~~ thing.

So school is getting *ruff*. It isn't that bad now is it? Just think when you get out of school how *ruff* thing can be.

From what I heard about my home town football team they not going to do any good. They lost the first game. I don't know what the score was.

I like my home town but there not anything there. Coal mine and steel mill. One thing I will not do is go in a coal mine.

How do you like work at the Greenhouse now *day's*. Myself I don't think I would like that kind of work.

I'll be looking for that package you say *your* going to send. I think after 3 years of Home Ec, you can do something. But if you want me to keep it a secret about your cooking, I will. Just between you and myself.

This camp I'm in now is bad. They only have show about 2 or 3 *time* a week. I haven't been to a show for about 2 ½ to 3 week and as long as I'm at this camp I won't go either. This isn't a very good place but I like it better *then* Ft. Leonard Wood.

I won't let any of the *girl* around here put anything over on me. I'll tell them they *haft* to fight you. O'K?

Don't let the old "Hag", in school give you a *ruff* time. When you finish school you can tell her off. Won't you be glad? As for the "D" in English. It isn't to be bad just think it could be a "F."

I will think Cleveland will take the *pennent* this year. It about time somebody beside New York is *takeing* [?]

Well honey it just about time for the light to go out. As much as I hate to I going to *haft* to close. I will write when I get some more time.

We are *suppose* to get a 3 day's pass this week I will have some time to write then and I will. I also want to go to town I'll write you before I go. Well honey be good and take care of yourself. About your part in the school play I think you get a part in it. Let me know if you do.

Love,  
ART
